

Homeowners,

At the Annual Meeting in June, we discussed ways in which homeowners can obtain information about HOA finances if they are curious about them or have questions. As we mentioned, there is a process by which any homeowner can log into their account on the Sentry portal, and bring up financial information. The financial information is usually intended only for members of the Board, but at our request Sentry has now opened up that part of the portal to any Shores homeowner. If you haven't yet set up an account, we encourage you to do so by getting into the Sentry Management website. If you have any problems getting it set up or accessing the information, please let Sentry or one of the Board members know. Here is the address for the website:

<https://www.accesssentrymgt.com/dx/sentrywp/index.html>

Or you can just do a search for "Sentry Management" and will eventually get you to the same place.

The financial information is likely to be pretty confusing for anyone who doesn't understand accounting or who hasn't tracked it from month to month. Accordingly, we thought it might be helpful to also provide a way homeowners can have access to the financial summaries generated every month by Rick Smith, our treasurer. These summarize the financial statements and highlight key information. We refer to this report in the minutes we post on the web site, but we don't get into detail in the minutes because the information on our web site is accessible to anyone, and we don't want the world to know or have access to our financial information.

So what we will do from now on is this: if you would like to see copies of the monthly summary financial reports, please let Rick know by sending him an email with that request. His email address is as follows:

[rsmith@hawleytroxell.com](mailto:rsmith@hawleytroxell.com)

You don't have to send an email or make the request every month; once you have made it, he will put you on a list to send that summary information after every Board meeting. Then, if you have any questions, you can contact him and he will either answer them or direct you to a member of the Board who is more familiar with whatever issue you are asking about.

If anyone has any questions about any of this, please let me know.
